

## **Our Exceptional Class of 2021**

Leadership, empathy, support for one another, incredible resilience, determination and sheer hard work characterise Year 12, 2021 who have triumphed over extreme adversity. The whole Abbotsleigh community is so proud of each and every student and we celebrate and congratulate every member of Year 12. Despite completing Term 3 and part of Term 4 in lockdown, undertaking their Trial exams online at home and the HSC exams being pushed out by a month, our Year 12s remained committed to their learning and, consequently, their results are quite exceptional. Their theme: 'Heart to Heart - Courageous Connections', epitomised every girl - as despite the incredible challenges they faced, they continued to provide superb leadership and always thought about and looked out for others. Girls, we can't wait to see what wonderful things you will do as you follow your dreams in so many different areas of endeavour and continue to make a positive difference in our world. Year 12 2021, your legacy will live on at Abbotsleigh forever. We thank our wonderful teachers to whom we are enormously grateful for their incredible hard work and dedication to our girls. Thank you, too, to our parents who have supported their daughters so well in such challenging circumstances.
